

DRY PORT VISIT: TUGHLA QABAD (29th February, 2020)

The students of MBA(IB), batch of 2019-2021 under the guidance of Mr Jayakar Sodagiri were given an opportunity to visit India's largest Dry Port – ICD Tughlakabad on 29th of February, 2020. Being a student of International Business this visit was indeed an important learning session to the students who got to see and experience the amount of the import and export taking place in our country. The students were welcomed by Mr Varun Sharma. First they were given information about the operation part of the port. The students learned about the important role of the port in the well-being of the country's economy and its impact. This was followed by the visit to different sections of the port where Mr Alam accompanied the students. He explained to the students about the functioning of the port by showing them different types of machines and how they functioned. Being India's largest Dry Port it was a hands-on experience for every student to see such a large number of cargos being handled with great efficiency. This visit gave the students insights under the domain of export and import and they got home with immense value addition about the same.
